

Policy on clean energy technology

Policy Issuances

Issuance date: 03 January 2022

As part of the outreach activities of the University, the Office for Social Orientation and Community Involvement Programs shall initiate activities to promote the use of clean energy to the wider community.

It shall among others:

- Promote the use of clean energy to the wider community;
- Support government projects in clean energy and energy-efficient technology policy development;
- Install the appropriate technology that harnesses wind, water, and solar energy to communities in need;
- Make available its consultancy services to address in its capability the queries of the wider community regarding clean energy technologies.
